## Operation A-POULTRY

On June 16th, 2022, and June 28th, 2022, Animal Recovery Mission (ARM) Investigators entered a USDA certified animal slaughterhouse in the greater Orlando, Florida area to obtain evidence of animals being inhumanely handled and slaughtered in gross violation of the Humane Slaughter Act of the United States.

Animals observed and documented onsite include sheep, goats, ducks, chickens, rabbits, and cattle, all contained on the property to be butchered and sold for human consumption.

## Operation A-POULTRY

A-Poultry has a website that sells Pullets, hens, ducks, guide hens, pigeons, goats, sheep, cattle, which are natural and free range livestock. [apoultry.com](http://apoultry.com) This business is operating in gross violation of the USDA guidelines and the Humane Slaughter Act.

These violations include:

- Animals are not stunned by an appropriate device or rendered unconscious and insensible to pain, prior to the slaughter process, per the Humane Slaughter Act.
- Animals are inhumanely handled, and dragged
- Instead animals are conscious and aware as they are held down and butchered
- Goats and Sheep have their throats slit with knives, slicing multiple times while awake and alert, cutting through the arteries and windpipe.
- Ducks are crammed into small cages with no space to move.
- Live animals sold
- False advertising/ misleading to the public.
- Meats sold without a known destination.

During this investigation, ARM witnessed and documented the inhumane handling, excessive force, and slaughter techniques the are causing unconscionable pain and suffering to the animals being butchered.

This is a gross violation of the USDA guidelines of the Humane Slaughter Act of the United States.

Arm Witnessed and documented 2 felony acts of animal cruelty resulting the death and witnessed 27 misdemeanor acts of animal cruelty. ARM also witnessed and recorded multiple counts of selling unadulterated meat to consumers. ARM was also sold 4 live ducks, and one live goat in violation of the law.

ARM is requesting that the owners be arrested, the slaughterhouse be closed down, and all licenses pulled by the county, state, and federal agencies. Under the state of Florida statutes, any and all animals living in such conditions must be rescued and brought to safety.

The Animal Recovery Mission (ARM), is a vanguard investigative animal welfare organization that was developed in 2010 by Richard Couto, shortly after he was exposed to one of Miami's darkest and most brutal animal cruelty operations. Upon this discovery of illegal animal slaughter farms and the black market horse meat trade, Couto, also known as 'Kudo,' invoked his vision of exposing and implementing solutions for extreme criminal acts towards animals into reality and created an unstoppable team who are dedicated to our organizations cause.

ARM Investigations has been carefully constructed as a direct-action organization. We conduct innovative investigative tactics to gather compelling evidence. ARM collaborates with local law enforcement, State attorneys, environmental protection agencies and The Animal Legal Defense Fund to produce concrete evidence to put an end to criminal acts involving animal torture.

ARM has since become the foremost expert organization in illegal horse slaughter. We specialize in condemning illegal animal slaughter farms in the United States. Our investigations, however, are not limited to slaughter farms as we are also actively investigating the black market horse meat trade, bestiality, underground animal fighting rings, fox & coyote penning games, and bear bile farms, to name a few, as well as the preservation of Wild Mustangs.

Succeeding in our investigations and exposing the truth as well as the eradication of these illegal practices have produced life changing results and permanent solutions. ARM's goals and vision is to constantly strive to raise the bar for the welfare of animals and to prevent and reduce their pain, fear and suffering.

As an organization we strive to be the defending force for destitute animals and to make significant improvements in how they are treated by exposing the truth, implementing laws to protect and educating the public on these illegal and barbaric practices. ARM prides it self on taking up the challenges that no one else will.

Our mission is to be an uncompromising defending force for the welfare of animals, in addition to putting an end to and preventing pain, suffering and torture inflicted as a result of inhumane practices.

If I could give 0 stars I would! This place should be shut down!! The condition that they have their animals in are disgusting and dirty. They treat the Animals horribly!! They abuse the animals. There's trash everywhere, this is far from fresh or open range. These animals are living in the most horrible conditions.

Useful Funny Cool

Bought six chickens yesterday two of which were roosters and had them roasted and cut up. When I got home to recut them to smaller size, I noticed that most of the chickens were missing the breast meat. The two roosters I ordered hardly had about 2lbs of meat, mostly back and legs. DO NOT LET THEM CUT UP YOUR CHICKEN!!! Always have them cut in in half or tell them to leave it whole. Someone in the processing area is stealing the meat, this is why they sell one chicken for a set price and not per pound. Always check your meat if they cut it up.
